entitled Walkway Bracket For use with helical anchor.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 6, line 1, --of the threaded rod-- has been inserted after "lower end".

The following is an examiner's statement of reasons for allowance: the prior art in regards to claim 1-8 does not disclose a connector assembly upper end being selectively attachable to said connecting plate to provide a length adjustment between said connecting plate and said connector assembly lower end.

The prior art in regards to claims 9 and 10 does not disclose said rod upper end being attached to said connecting plate in a selected one of a plurality of positions along said rod.

The prior art in regards to claims 11-13 does not disclose a connecting plate attached to and extending radially from said shaft in a plane angled from a plane of the bottom plate, said connecting plate being releasably attached to said upper end of said connector assembly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
